SPIRIT EMPOWERED CHURCHES: PRAYING, CARING, SHARING

Three-year Pentecost Sunday Initiative PRAYING, CARING, SHARING

Jumpstart the process of fulfilling the Great Commission by mobilizing people during the next three Pentecost Sundays.

- 2018: Prayer – Pentecostals everywhere praying. The challenge is great, however. So few of our churches have prayer coordinators. It is difficult to get pastors to see the importance of it; some struggle with giving away their authority or only see their role as preaching a sermon on Sunday. Yet we are a people borne out of prayer.
- 2019: Care – Demonstrating care; mobilizing our compassion coalition, love your neighbor campaign.
- 2020: Share – Pentecostals sharing their faith, missional praying.

There may be a half million or more churches collectively within the Pentecostal church framework. What if we could call the church back to prayer? What if we could get the love of Jesus in our hearts? What if we could challenge the 98% of people in our churches who do not share their faith outside the church to begin to pray for other people and conversationally tell their story?

**Prayer is at its heart worship and at its edge mission.
In between God meets our needs.**
